Ashutosh Srivastava

Theme : Agriculture, FoodTech & Rural Development

Problem Statement

Dependency on Middlemen

Limited Market Access

Price Fluctuations

Low Bargaining Power

Lack of Digital Tools

Proposed Solutions

Real-Time Market Access

Direct Farmer-to-Buyer Connection

Transparent Pricing

Geo-Based Buyer-Farmer Matching

Multilingual Support

KisanConnect feature

Rating and Feedback System

Rating and Feedback System

Digital Tools for Farmers

Fair Payment System

Price Negotiation Tool

Real-Time Inventory Management

Key Features of Our Platform

Price Negotiation Tool & KisanConnect feature

- Enables direct price negotiations between buyers and sellers.
- Facilitates better deals and enhances transaction satisfaction.
- Connects farmers with buyers, suppliers, and services.
- Streamlines agricultural trade and support.

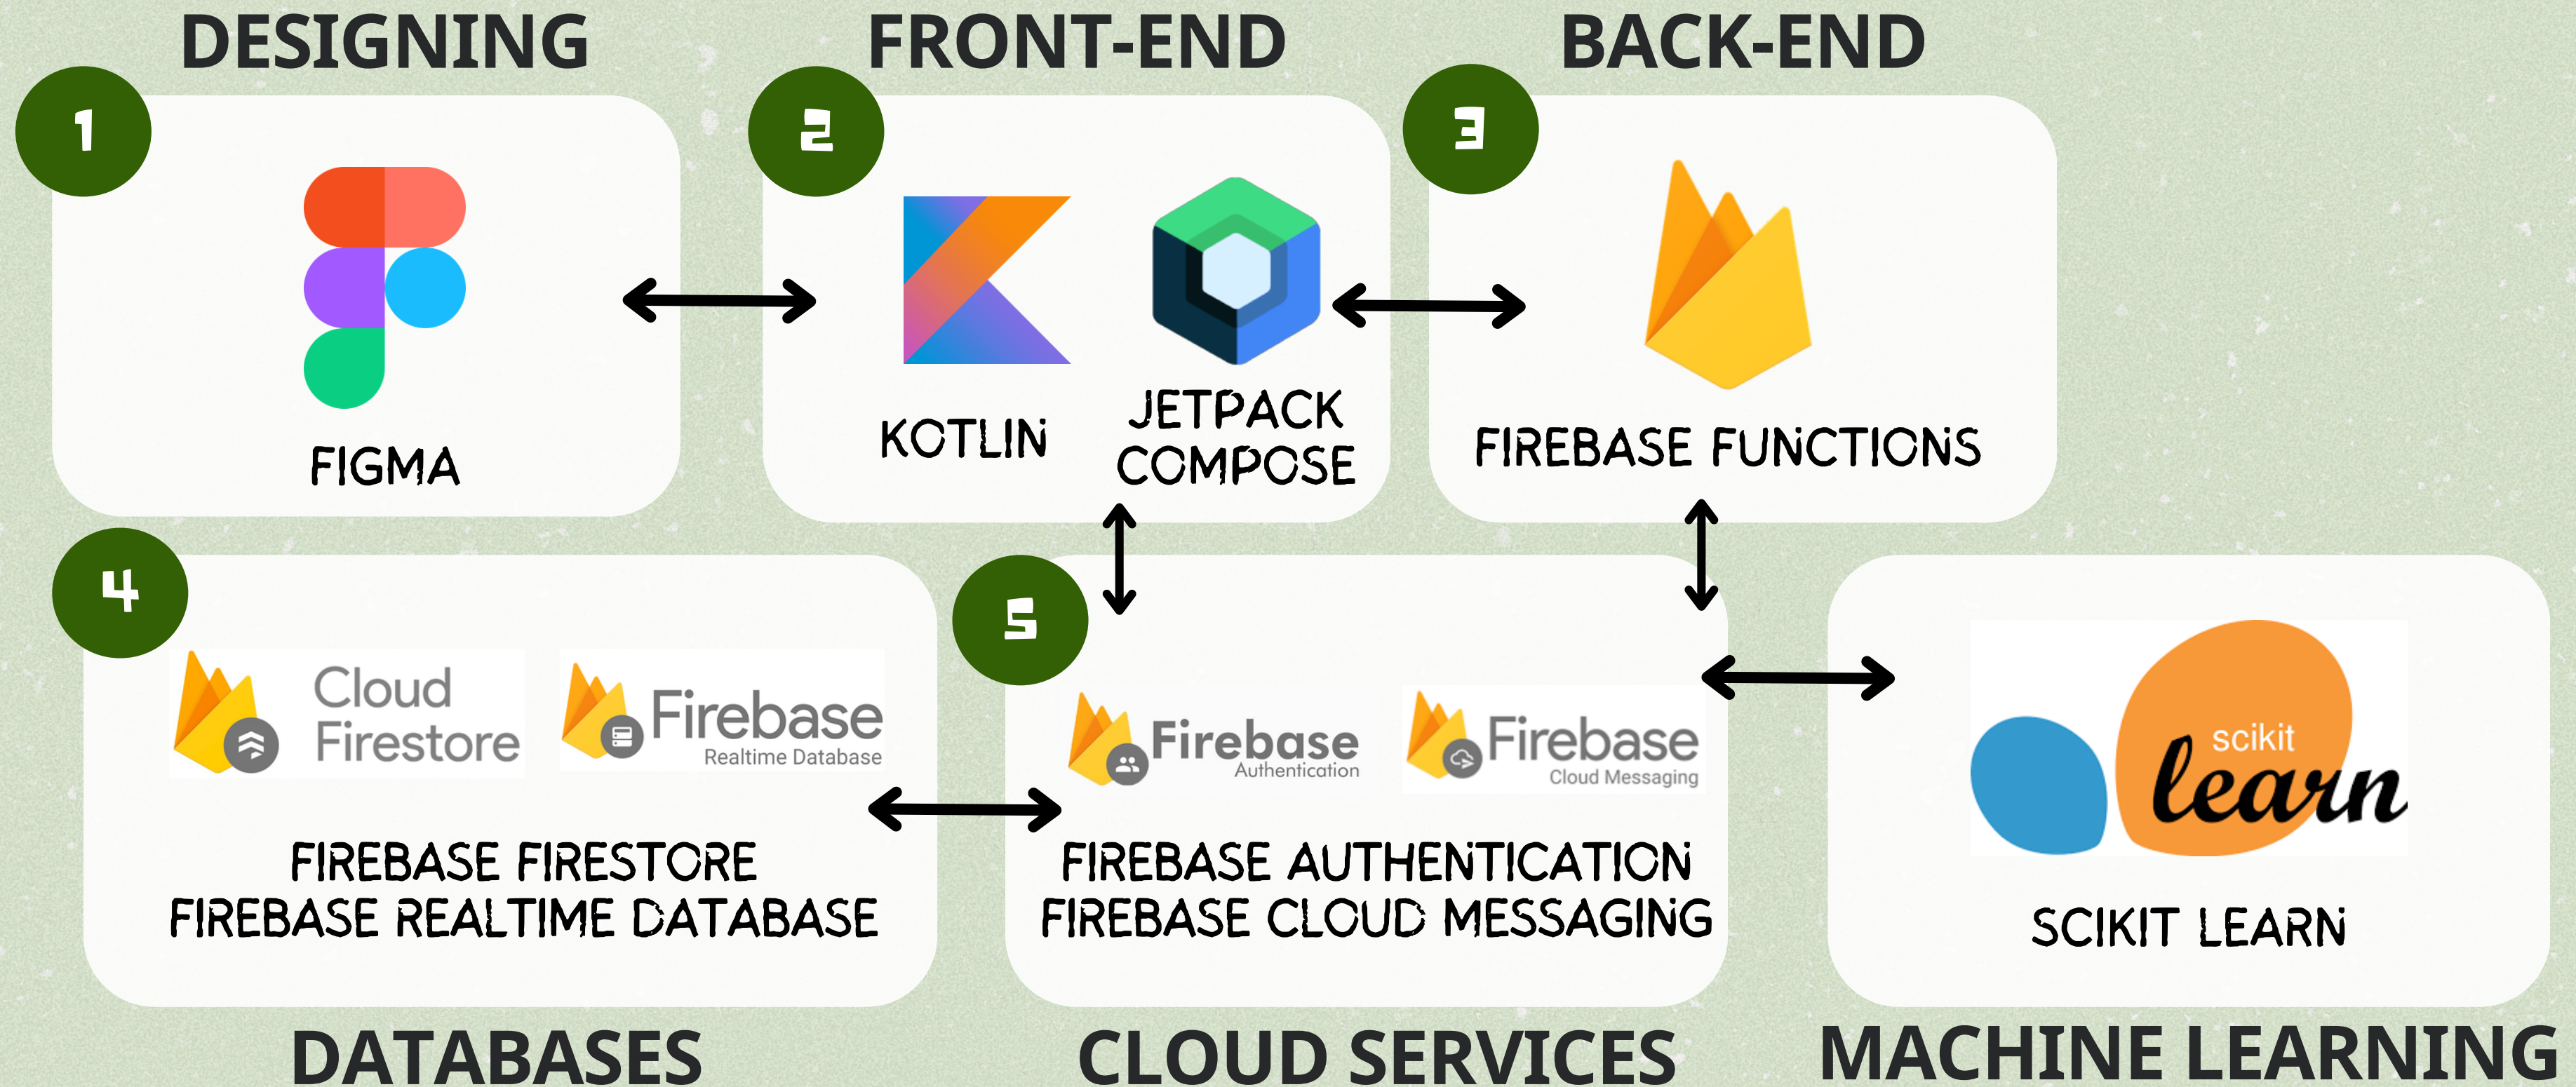

Geo-Based Buyer-Farmer Matching

- Matches buyers and farmers based on geographic location.
- Optimizes logistics and reduces transportation costs.
- Localized Market Insights
- Efficient Resource Utilization

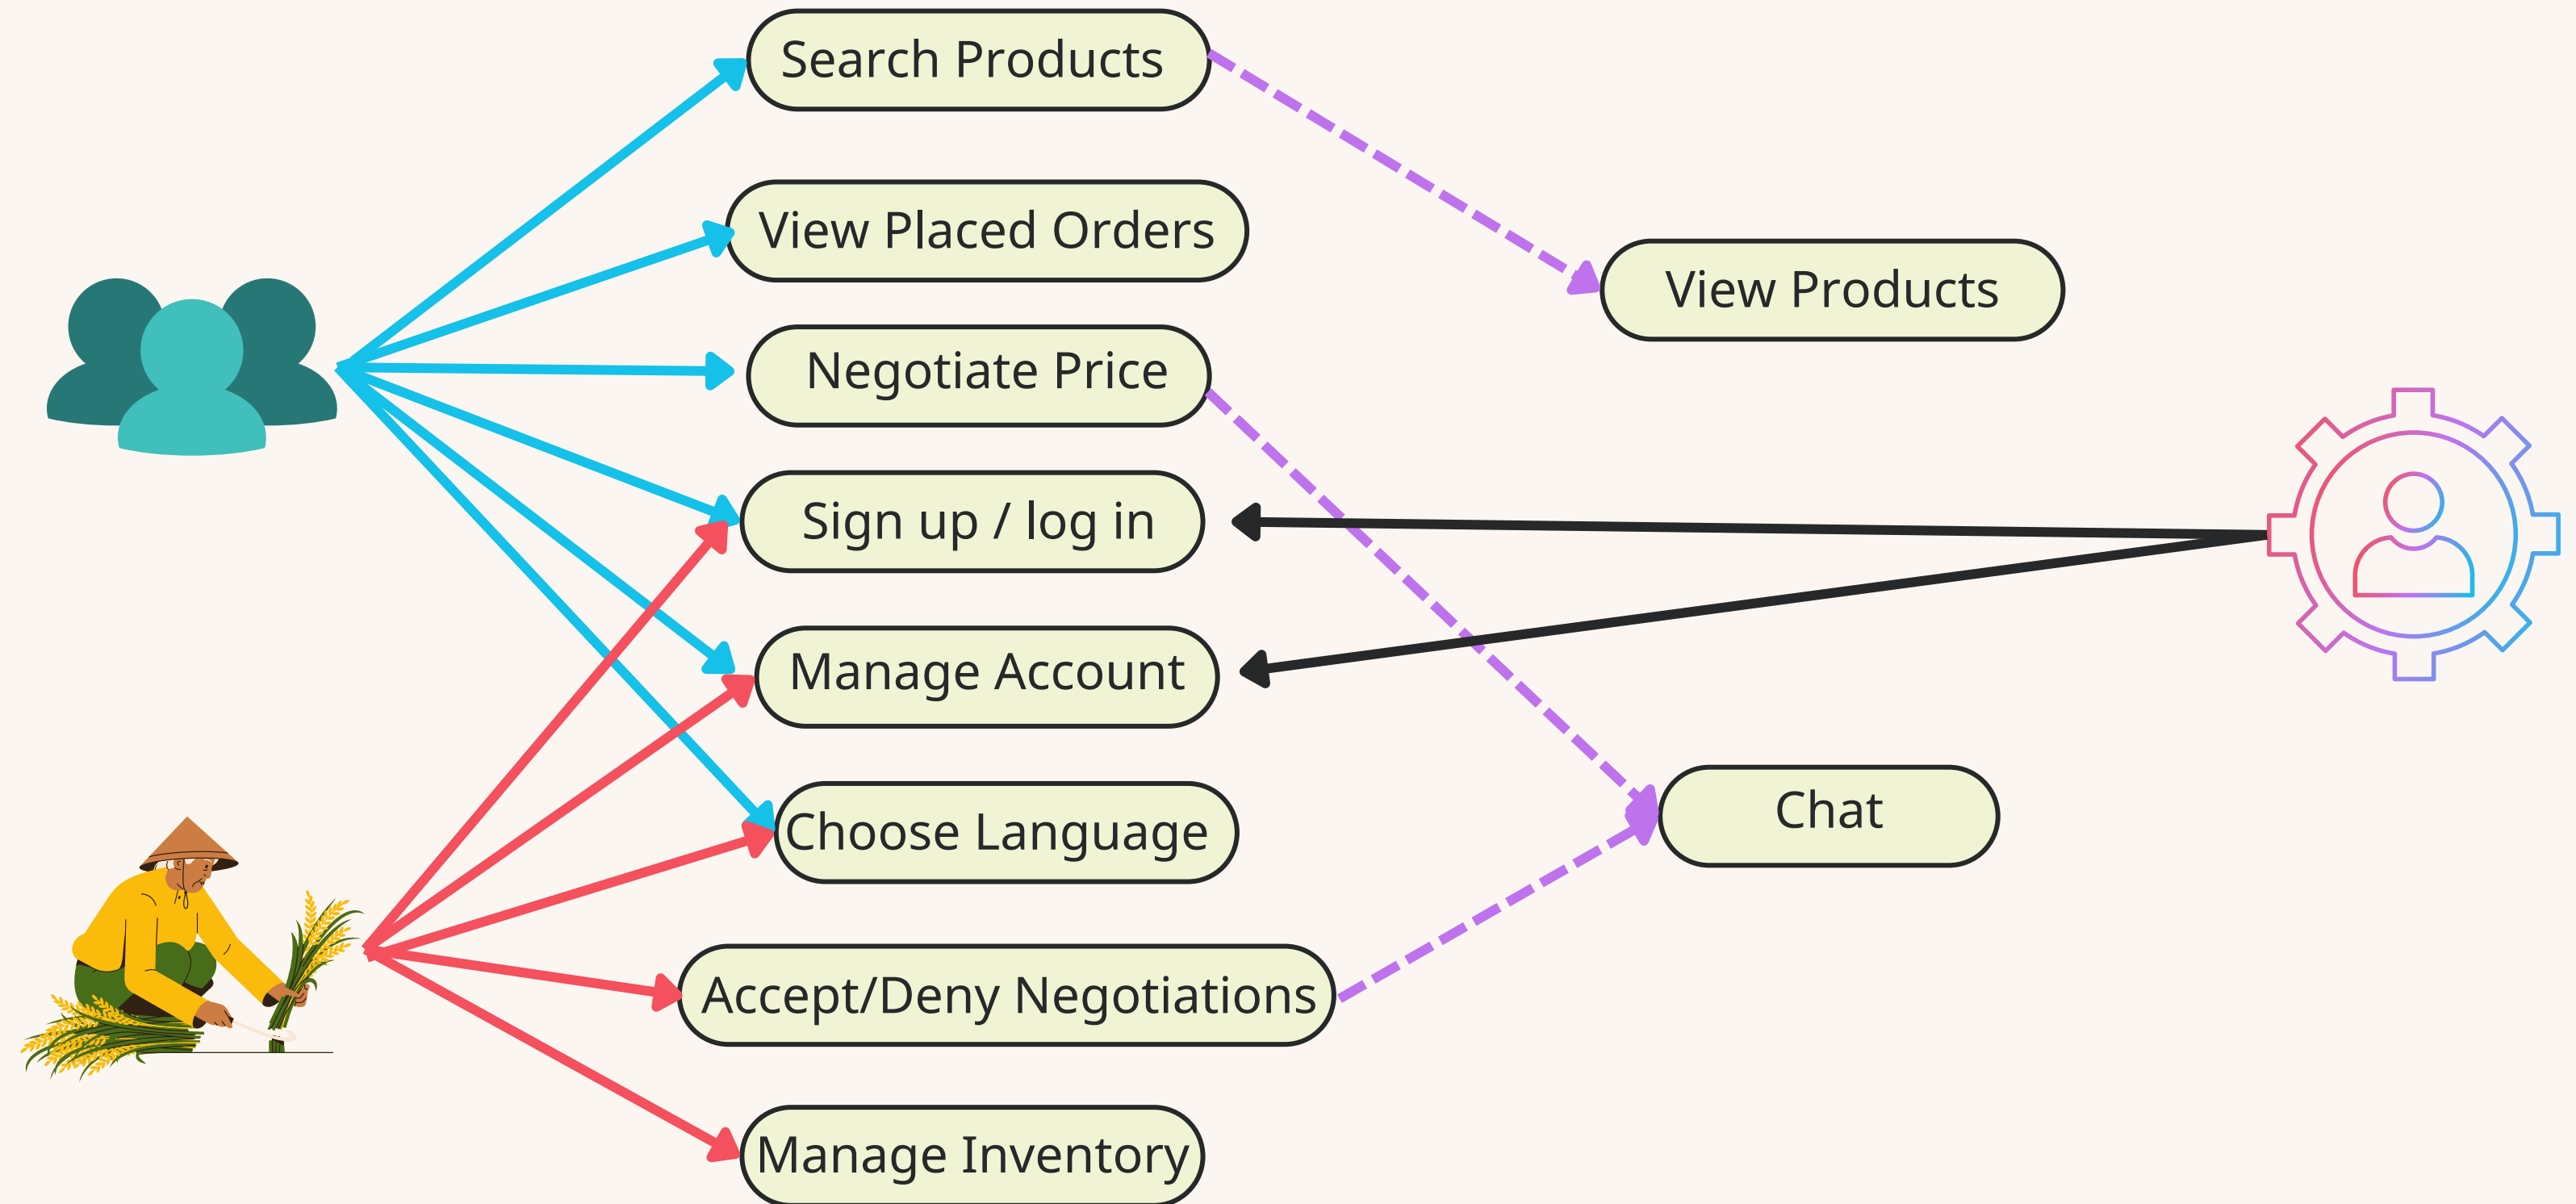

Rating and Feedback System

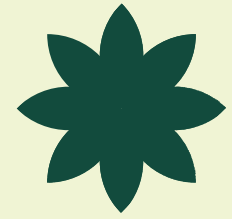

- Allows users to rate and review transactions and interactions.
- Builds trust and improves service quality on the platform.
- Enhanced Accountability
- Improves User Experience
